In order to protect our National Security, military and government agencies require higher levels of security from their paper shredders. This Dahle High Security Shredder is NSA approved for **NSA/CSS Specification 02-01**.

With the widespread use of network printers and fax machines, Top Secret, sensitive information is constantly being printed throughout the workday. It's important to have a powerful shredder located nearby to easily dispose of this information.

The Dahle 20634EC features a 10" feed opening to accommodate both letter and legal size paper. It uses the latest technology to offer full electronic capabilities including such safety features as Automatic Shutoff when the cabinet door opens and Auto Reverse to prevent an overfeed. Automatic On/Off and Bag Full Auto Off are features that offer both convenience and satisfaction in knowing you will be notified when it's time to empty the box or change the bag.

Normal office functions will not be bothered by the use of your Dahle Shredder. Each cutting cylinder is encased in an all-steel frame and sits on rubber shock mounts. It's this design that reduces vibration through the cabinet and provides whisper quiet operation. This Dahle High Security Shredder is a serious machines capable of reducing a sheet of paper into over 15,500 tiny particles. These particles are so small that they have been rendered impossible to reassemble.

Dahle High Security cutting cylinders reduce a sheet of paper to over 15,500 pieces.

Rubber shock mounts reduce vibration and provide extremely quiet operation.
